

## A Day in the Life of YOU!

Have you ever wanted to have a photographic record of your day doing the things you love? Just think, your own **personal photographer** to document a day in your life. This is a perfect way to record a day leading up to a big event, or just to have family memories to cherish for years to come. Why settle for just a traditional family portrait?

We offer two main options which can be modified to meet your needs:

A 3 hour morning or afternoon photo shoot where you allow the photographer to accompany you as you explore the beach, shop, etc. Your activities and interaction with others is recorded candidly. You will be able to select up to 25 photos which will be presented to you in a 7 x 7 book of memories. Books can be customized to include favorite quotes, etc.    \$350.00

A 5-6 hour full day photo shoot, as described above, which includes up to 45 photos presented in a 7 x 7 book of memories.    \$550  
(A 10 x 8 book is also available for an additional charge.)
